## A Cornucopia of Learning

### Language Arts:

Children are developing their reading and writing skills through guided reading, silent reading, read alouds, and writer's workshop. We have been writing poetry and learning about similes to help improve our writing.

### Math:

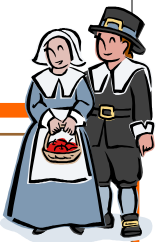

We have almost completed our unit on standard measurement and area. We will be taking mad minute addition tests a couple of times a week. Please help your child study at home.

### Science:

Arctic Tundra

## A Feast of Upcoming Events

- November 11 - No School
- November 13 - Book Orders Due
- November 23 - 27 - No School (Thanksgiving Break)

## Notes from Mrs. Balsler:

- If you need a reminder of your conference date and time, please send in a note or call.
- Thanks to all who helped out with the Halloween Party. We appreciate Cyndi Borghi and Kimberly Jones for planning the party and for the wonderful Breakfast Club they provided!
