

December News - 3 Edmunds

Winter Dress

What a great job your youngsters have done dressing for this cold winter weather. They have been ready for the cold, snowy recess play and have enjoyed being outside. Lets keep it up all winter.

Thank You

Thank you for all the food donations that have been sent in for the holiday parties and Breakfast Club. Your children have enjoyed the goodies and appreciate all you do for them. Nancy Runnels deserves a special thanks for organizing and calling you for these donations.

SOCIAL STUDIES / SCIENCE

We have completed our study of the Forest and Grassland habitats and are beginning to investigate the deserts of North America. It always amazes our third graders as they realize we have such varied habitats in our own country. We are also looking at communities and how they are formed and grow before we start our study of Wolfeboro following the holiday break.

Word Study

Please remember that your child has words at home that should be reviewed and worked with. You may want to make this a part of their homework one night each week.

Dates to Remember

December 20 – Carol Sing
Cate Park 1:45

December 21 – Last Day
Food Pantry Donation

December 21 – Vacation

January 3 – Welcome Back

Math

We have completed Unit Three on measurement and will now begin our study of multiplication. For those children who are still counting on their fingers to add and subtract it is time to memorize the facts. Please spend time helping them with flash cards, timed sheets, or a Fact a Day activity until they are more comfortable. It is not easy to keep track of the higher numbers we are working with using fingers. We'll be memorizing multiplication facts before you know it !!!
